- **Bathroom Facilities:** Most 2001 Jayco Eagles feature a bathroom with a toilet (cassette or plumbed), sink, and shower. Knowing how to operate and maintain these systems, particularly the water

pump and holding tanks, is crucial.

- **Sleeping Accommodations:** These range from a single bed to multiple bunks or a queen-size bed, depending on the model.
- **Electrical System:** This involves the 12-volt DC system for interior lights and appliances, and the 110-volt AC system for larger appliances when hooked up to shore power.

- **Sealing:** Regularly inspect and reseal any cracks or gaps in the RV's exterior to prevent water damage. This is especially important around windows, doors, and seams.
