Frequently Asked Questions (FAQs)

Q1: My New Home 352 is skipping stitches. What should I do?

A1: Skipped stitches are a common issue. Consult the troubleshooting section of your manual. Possible causes include a bent or dull needle, improper threading, incorrect tension settings, or a dirty bobbin case. Check these elements systematically, referring to your manual for guidance on how to address each potential problem.

Q2: How often should I oil my New Home 352 sewing machine?

A2: The frequency of oiling depends on usage. Your manual will specify recommended oiling intervals. Generally, light oiling after every few hours of continuous use is a good practice. Over-oiling can be detrimental, so follow the manual’s instructions carefully.

Q3: How do I change the needle on my New Home 352?

A3: Your manual will provide clear instructions, typically including diagrams. Remember to always unplug the machine before changing the needle to prevent accidental injury. The manual will explain how to safely remove the old needle and insert the new one.

Q4: What type of needle should I use for different fabrics?

A4: The manual will often include a needle size guide for different fabric types. Generally, finer needles are suitable for lightweight fabrics, while heavier needles are necessary for thicker materials like denim. Using the incorrect needle can damage both the needle and the fabric.

Q5: Where can I find replacement parts for my New Home 352?

A5: The manual may include contact information for authorized service centers or retailers carrying replacement parts for your specific New Home Sewing Machine 352 model. Online searches for "New Home 352 parts" may also yield useful results.

Q6: My New Home 352 manual is missing. What can I do?

A6: Many manufacturers provide manuals online. Search the manufacturer's website using your model number ("New Home Sewing Machine 352 manual download") to find a digital version.

Alternatively, contact the manufacturer’s customer service.

Q7: What are the different types of presser feet available for my New Home 352?

A7: The manual should list the compatible presser feet for your model. Different presser feet are designed for specific sewing tasks such as zippers, buttons, and decorative stitches. You can usually purchase additional feet as needed.

Q8: How can I improve my stitching accuracy with my New Home 352?

A8: Practice is key! Start with simple projects to get comfortable with the machine's controls. Ensure proper threading, correct needle selection, and appropriate stitch settings for your fabric type. Using a walking foot can be helpful for handling multiple layers of fabric accurately. Refer to your manual for tips and techniques.
